

CATALYST DOOR GUARD

The Catalyst Door Guard system is designed to offer discrete yet effective protection.

- Attractive clear acrylic design
- Wall or door frame mounting option
- · Multiple antenna configurations
- Remote electronics for easy installation
- High performance electronics
- · Compatible with labels and hard tags
- · Digital signal processing

The Catalyst Door Guard AM system is an attractive and discrete tagging system. The advanced digital electronics provide a performance that is unrivalled for its size.

With the Catalyst Door Guard AM system, virtually any item in the store can be protected using a prominent hard tag or an adhesive label for smaller items.
